

Traditional Butter Roll 500g

One of Central Lechera Asturiana's most classic products is the traditional 500-g butter roll, which is made with the best milk. Thanks to its smooth and creamy texture it is perfect for enjoying a delicious breakfast or to make your favourite recipes with a unique touch. The unique flavour of the traditional butter roll is due to the fact that it is a 100% natural product, with no preservatives, artificial additives or E-s. Only milk butter, and nothing else! Because all-natural tastes much better.

You will find it in your local shop or favourite supermarket, in the refrigerated products section. It comes in a convenient roll pack that is wrapped in a metallic foil that helps to protect the traditional butter in the fridge and to store it conveniently. The packaging is recyclable and can be placed in the blue container.

Ingredient: butter.
