

Skimmed milk 500 ml

Skimmed milk in a 0.5 litre Tetrapak carton is a very convenient option for transport and for people who consume small amounts of milk. Due to its low fat content, less than 0.25 g per 100 ml, it is designed for those who like to take better care of their diet without becoming obsessed and without renouncing the best flavour. In fact, Central Lechera Asturiana skimmed milk is the one that tastes best, recognised with the 2016 Flavour of the Year seal.

Central Lechera Asturiana skimmed milk is 100% natural, only skimmed milk collected from Central Lechera Asturiana's Spanish farms and nothing else, no E-s or artificial additives. Because all-natural naturally tastes much better.

The 0.5 L modern cardboard Tetrapak carton can be recycled in the yellow container and has a cap that keeps the milk perfect for longer in the fridge. Look for 0.5 L skimmed milk in the dairy section of your trusted supermarket, with the green packaging.

Ingredients: skimmed milk AND NOTHING ELSE.
