

## Strawberry Flavour with no added sugars or sweeteners

**The first and only range of flavours with no added sugars or sweeteners.** For those who want to reduce sugar consumption while still enjoying the classic flavours, Central Lechera Asturiana offers the first and only yogurt range with the **classic flavours, with no added sugars or sweeteners**. Strawberry is a must in this range. If strawberry yogurts disappear almost like magic in your house, this one is **made with 100% natural ingredients**, with no additives or artificial E-s, and with no added sugars or sweeteners. Ideal **for dessert after a meal, and for morning and afternoon snacks**. They come in **convenient four-unit packs**, so you can enjoy them at your leisure.

**With no added sugar and with all the calcium you need**

**It only contains the sugar that comes naturally in milk**, lactose, and also in a lower proportion compared with other strawberry yogurts. A recipe with no added sugars or sweeteners, but **with all the calcium in a yogurt**, which accounts for 22% of the calcium needed by an adult every day. A **healthy and natural product** that helps you to reduce sugar consumption and take care of your family with the **Central Lechera Asturiana quality guarantee**.

Ingredients: Partially skimmed **milk**, skimmed **milk** powder, fibre, natural aromas, natural colouring (beet concentrate) and natural lactic ferments (**milk**).
