

## Lemon Flavour with no added sugars or sweeteners

Central Lechera Asturiana cares about offering you healthy foods and helping you to take care of yourself. It has therefore developed the **first and only flavours with no added sugars or sweeteners**. The lemon recipe only contains **100% natural** ingredients, no additives or artificial E-s. It is made with fresh milk from our own cows, pasteurised and naturally fermented. They are ideal for **dessert, for a snack or for a light dessert after dinner**. And they are conveniently presented in a **four-unit pack**, perfect for taking from the supermarket home to your fridge.

### Refreshing source of calcium and sugar free

Dairy products suitable for the whole family because they are made with only 100% natural ingredients, like all Central Lechera Asturiana products. A refreshing recipe, with no added sugar or sweeteners. And it **only contains the sugar that is naturally present in milk**, lactose. And also in a smaller proportion than in other lemon yogurts that can be found in the supermarket. 4.6 grams per 100; no more no less. As well as reducing sugar consumption, it perfectly complements your diet, since it provides **22% of the calcium that your body needs each day**.

Ingredients: Partially skimmed **milk**, skimmed **milk**

powder, fibre, natural aromas, natural colouring (safflower concentrate) and natural lactic ferments (**milk**).
