

## Fruit salad Flavour with no added sugars or sweeteners

If you love fruit salad yogurts but want to reduce sugar consumption, we have the answer: **the first flavours with no added sugar or added sweeteners.** With Central Lechera Asturiana's **fruit salad flavour with no added sugars or sweeteners** you can enjoy fruit while taking care of you and your family, because it only contains **100% natural ingredients** and no more sugar than that which is naturally present in milk in form of lactose. 4.6 grams per 100, exactly the same proportion of sugar that a glass of fresh cow's milk contains **and with less than half that of other fruit salad yogurts** in the market.

### Ideal for all diets

With all the flavour of fruit and with all the calcium in a dairy product. No additives or artificial E-s, no added sugar or sweeteners. This is our range of classic flavours; ideal because they help you to take care of yourself. And Central Lechera Asturiana cares about offering you **healthy foods with which you can take care of your diet.** You will find them in your supermarket in **convenient four-unit packs** so you can take care of yourself wherever and whenever you choose. For a snack, for dessert or for dinner. Any time is good because it is delicious!

Ingredients: Partially skimmed **milk**, skimmed **milk** powder, fibre, natural aromas, natural colouring (beet concentrate) and natural lactic ferments (**milk**).
